A stable position

Description

A historic country home that's open to the public needs enthusiastic and energetic stable volunteers to help with the care of the resident horses. Volunteers also engage with visitors to enhance their experience.

Duties include:

- assist the stables team with care of the horses, which depending on personal experience might include grooming, tack cleaning, mucking out, exercising and training
- deal with visitor queries about the site, the stables and the horses
- ensure that presentation standards are met
- assisting in running events associated with the stables.

Volunteers must have a passion for horses and be confident, effective communicators. They must be able to stand for long periods and will have to spend time outside in all weathers!

Weekend and weekday shifts of 4-7 hours are available throughout the year. Ideally, volunteers should be able to attend for at least one shift every other week.
